

1. Scope

This policy applies to all operations of iSURVEY Group entities. It sets out the minimum standards which iSURVEY expects from its staff in their internal and external dealings with colleagues, customers, stakeholders and third parties.

2. Quality Assurance Policy

iSURVEY is committed to provide services with the highest quality. We shall ensure satisfaction and confidence for our customers. This commitment shall be achieved by:

1. Ensuring and systematically develop employee competency to meet iSURVEY standards.
2. Demonstrating responsiveness to customer expectations and requirements in all aspects of iSURVEY operations.
3. Utilising employee experiences to continuously improve iSURVEY tools and methods.
4. Systematically measure and ensuring compliance to iSURVEY tools and method requirements.
5. Ensuring compliance to legal and other applicable quality requirements.
6. Employees reporting quality incidents.

3. Health & Safety Policy

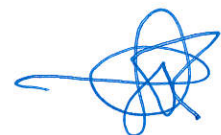

iSURVEY is committed to zero harm to life, health and property. Employees, contractors and visitors shall be ensured a healthy and safe working place at all time. This commitment shall be achieved by:

1. Health and safety risk assessment and mitigation to be carried out prior to corporate, project and field work.
2. When the safety of work activity or related conditions are unclear, activity shall stop immediately.
3. All to contribute to others health and safety.
4. Ensuring that health and safety performance is systematically measured and improved.
5. Ensuring compliance to legal and other applicable health and safety requirements.
6. Employees reporting health and safety incidents.

4. Environmental Policy

iSURVEY is committed to zero harm to the environment. iSURVEY shall be an environmentally proactive company. This commitment shall be achieved by:

1. Minimising the risk for iSURVEY being responsible for offshore accidents with environmental consequences.
2. Ensuring that environmental impact from iSURVEY operation is measured and analysed.
3. Systematically improve on selected environmental aspects.
4. Ensuring compliance to legal and other applicable environmental requirements.
5. Employees reporting environment incidents.

Øivind Røegh, CEO
